FOR IMMEDIATE RELEASE

**3D Virtual Tour of the Burroughs and Langford-Kingston Homes Created by
3D Interspace Solutions in Celebration of 60th Annual Holiday House**

Annual Woman's Community Club holiday project digitally scanned using Matterport technology

FORT MYERS, Fla. – Dec. 20, 2016. Southwest Florida residents can now see the historic Burroughs and Langford-Kingston homes decorated for the holidays like never before thanks to Fort Myers-based 3D Interspace Solutions. The company has digitally scanned the Fort Myers Woman's Community Club's traditional Holiday House to create a 3D Virtual Tour, allowing a unique preview of this annual event to viewers online, wherever they are. This year marks the 60th annual Holiday House, "Let Heaven and Nature Sing."

Bryce Clerk, founder of 3D Interspace Solutions said, "We are pleased to have had the opportunity to scan the historic Burroughs Home in 3D to showcase the Woman's Community Club's efforts for a spectacular Christmas experience."

The long time tradition of decorating for Holiday House is considered a gift to the people of Fort Myers from the Woman's Community Club. This year the homes are decorated in the traditional holiday colors of red, green, silver and gold with reindeers, pinecones, angels, and cardinals.

"Bryce's photography is amazing. We will use this footage to promote Holiday House in future years. This is also a modern way to "scrapbook" our event. We appreciate saving the memories of our gift to the City of Fort Myers digitally. It is beautiful," said Community Club President, Linda Burkey.

The link to the 3D scanned Holiday House can be found here: <http://3dswfl.com/3d-model/burroughs-home-gardens/fullscreen/>

Holiday House 2016 will run through Friday, December 23. Hours are from 5:00 to 9:00 p.m., with the last tour beginning at 8:30 p.m. Reservations are not necessary. Tickets are \$5 for adults and children under the age of 10 are free. Veterans and active members of the military are free with identification. Santa Claus will be at the Langford-Kingston home to hear children's Christmas wishes. For more information, call 239.337.9505 or visit the website at www.fmwcc.com.

3D Interspace Solution provides its state-of-the-art services throughout Southwest Florida. For more information, contact Bryce Clerk at (941) 404-6122 or Sean Radigan at (239) 841-0260.

ABOUT 3D INTERSPACE SOLUTIONS

Founded by Bryce Clerk and Sean Radigan in 2015, Fort Myers-based 3D Interspace Solutions provides an affordable and interactive 3D experience for the real estate industry in Southwest Florida. The rapidly growing company offers a comprehensive solution for real estate agents to conveniently market a property using a variety of tools including 3D Virtual Tours, or "Showcases", using immersive Matterport® technology; aerial drone photo/video; HD photo/video; and 2D floor plans. Any combination of these state-of-the-art offerings are included on a single property website that includes the property description, agent's contact information, call-to-action form, and social media sharing. 3D Interspace Solutions is a member of the Matterport® Service Partner Network and an Affiliate

Member of the Board of Realtors of Greater Fort Myers & The Beach. For additional information about 3D Interspace Solutions, call (941) 404-6122 or visit www.3dswfl.com.
